

MEAL PROGRAM

New this year, Frankel Jewish Academy is proud to introduce a healthy and popular lunch program for our students through FLIK, the same catering team providing the highly popular program at Hillel Day School as well as several other prominent Jewish Day Schools throughout the country. In fact, FLIK is a leader in independent school dining throughout the nation.

The school year will be filled with high quality and nutritious lunches, made from fresh ingredients, offered every day for the entire student body. Each student on the plan will receive an entrée, side, soup and salad. Menus will rotate on a monthly basis and will include meat meals on Wednesdays and Fridays.

Prepared at Hillel Day School under the kosher supervision of the Metropolitan Kashruth Council, all items will be brought daily from Hillel and served at FJA, buffet-style. New menus will be released on the 15th of each month for the following month. The FLIK program offers students the opportunity to enjoy consistent, well-balanced and affordable meals every day. There are several payment options to meet various needs and budgets.

Menus are created to reflect the seasons. Parent and student suggestions are encouraged. The use of processed foods is limited and products containing artificial flavorings, M.S.G., preservatives and high levels of sodium are avoided. Minimal amounts of fat are used in food preparation and olive oil is used as it has a healthier blend of fatty acids than other cooking oils. Vegan, vegetarian and gluten-free options are available upon special request. Hillel's kitchens are 100 percent nut-free.
